RP6 Tests for Organic Functional Groups – Knowledge Organiser

AQA A-level Chemistry • Set 1: Tests for Organic Functional Groups **Paper 2**

#	Question	Answer
1	Test for an alkene	Bromine water
2	Positive result for an alkene	Orange to colourless
3	Test for a primary or secondary alcohol	Warm with acidified $K_2Cr_2O_7$
4	Positive result for a primary or secondary alcohol	Orange to green
5	Tertiary alcohol with acidified $K_2Cr_2O_7$	Stays orange
6	Test for an aldehyde	Warm with Tollens' or Fehling's
7	Positive result with Tollens'	Silver mirror
8	Positive result with Fehling's	Blue to brick-red precipitate
9	Test for a carboxylic acid	$NaHCO_3$
10	Positive result for a carboxylic acid	Effervescence
